TECHNICAL SPECIFICATIONS

AQUAPOD

7.5L

FEATURES

- Ideal for offices, canteens, and vending machine areas, it is made from easy clean plastic and fitted with a WRAP compliant colour-coded aperture and label to encourage correct use.
- Designed for internal use only, the AquaPod Excess Liquid Collector has a generous capacity of 7.5 litres, and it comes with a removable reservoir with an integrated handle for manoeuvrability.
- Ideal for collecting those coffee and tea dregs that often end up in recycling bins along with the paper cups, it will keep your working environment clean without taking up too much floor space.

SPECIFICATIONS

- One-Piece Construction.
- WRAP Compliant Aperture & Label.
- Lightweight Design.
- Easy Clean.
- Removable Reservoir.
