TECHNICAL SPECIFICATIONS

BLACKBOARD STYLE RECYCLING BIN 90L

FEATURES

- Made from UV stabilised polyethylene, one of the most popular materials used in bin manufacturing today, it is hardwearing, weather-resistant, and easy to clean and maintain.
- For stability on all floor surfaces, this novelty recycling bin features a weighted base. Ground fixing bolts are available as an optional extra.

SPECIFICATIONS

- Suitable for indoor and outdoor use.
- Removable hooded lid with two apertures.
- Weighted base.
- Available in 12 colours.
- Includes recycling sticker of your choice.
