TECHNICAL SPECIFICATIONS

C-BIN DOUBLE RECYCLING BIN

120&160L

FEATURES

- Two bodies in silver or transparent plastic, and two lift-up recycling lids with apertures to suit your chosen waste streams.
- Supplied with A5 recycling graphics to encourage correct use, the C-Bin Double Recycling Bin stands out in busy environments, yet it requires a minimal amount of floor space.
- 12 different waste streams to choose from to suit all types of general rubbish and recyclable waste.

SPECIFICATIONS

- 2mm galvanised steel framework.
- Supplied with A5 recycling graphics as standard.
- Hinged lift-up lids for easy access.
- Removable body for cleaning and bag changing.
