

CIGARETTE BIN WITH RAIN COVER

Can be Wall or Post Mounted

Made from Non-Corrosive Aluminium

Fire Retardant

TECHNICAL SPECIFICATIONS

CIGARETTE BIN WITH RAIN COVER

FEATURES

- Lightweight and compact, this Cigarette Bin with Rain Cover is manufactured from high quality non-corrosive aluminium, making it weather resistant, fire retardant, and easy to clean and maintain. On the inside, it features a metal inner liner to facilitate emptying and cleaning, which can be accessed via the lockable front opening panel, and there is a snuffer plate to ensure that all cigarettes are fully extinguished before they are deposited into the liner below.
