TECHNICAL SPECIFICATIONS

DOUBLE COMPARTMENT WASTE BIN 224L

FEATURES

- Combining robust construction with customisable style, the Double Compartment Waste Bin is crafted from galvanised steel and can be powder coated in a variety of standard colours.
- A generous 224-litre capacity divided evenly between two waste streams, this bin ensures efficient waste separation.
- You can add vertical vinyl lettering or A4 WRAP artwork to the door for clear identification of waste types, while our tailored apertures—circular for bottles and cans, keyhole or London Underground for mixed recycling, a slot for paper and cardboard, or a standard opening for general waste.

SPECIFICATIONS

- Internal galvanised steel liner.
- Dependable slam lock, and an easy-to-use T-key.
- Pre-drilled base suitable for ground fixing with rawl bolts.

OPTIONAL EXTRAS

- Waste Stream A4 Vinyl Artwork
- Waste Stream A4 Perspex Artwork
- Lettering
- Ground Fixing RAWL Bolts
- Ashtray Top
