TECHNICAL SPECIFICATIONS

EKO DELUXE PHANTOM SENSOR BIN

40L

FEATURES

- Butterfly-style sensor-operated aperture.
- Streamlined design to complement all interiors.
- Fingerprint-proof stainless steel shell and a non-slip black base for use on all floor surfaces.
- Open and close it with the wave of the hand, without ever touching the surface, and empty it with ease thanks to its removable lid.

SPECIFICATIONS

- Removable, sensor-activated lid.
- Two 20-litre removable inner compartments for a combined total capacity of 40-litres.
- Requires 6 x AA batteries (not included).
