Capacity

Brushed fingerprint-resistant steel

Built-in odour filter compartment

TECHNICAL SPECIFICATIONS

EKO MIRAGE X SENSOR BIN

80L

FEATURES

- Manufactured by household name Eko, the Mirage X is made with fingerprint resistant brushed stainless steel with a built-in motion sensor for hands-free operation whilst also offering a manual touch function.
- The Mirage X has no internal removable liner so allows full use of the 80 litre capacity and with its sleek design you can place this bin flat up against a wall or cupboard. The rear of the bin has a discreet handle built in and a cleverly designed lid to help keep bag overspill from being visible.

SPECIFICATIONS

- Brushed fingerprint-resistant steel.
- Soft closing lid.
- Sensor or manual touch opening.
- No removable liner.
- Built-in odour filter compartment.
- Requires 6 x AA batteries.
