Capacity

Made from UV stabilised moulded polyethylene

Automotive-grade tamper-proof lock

TECHNICAL SPECIFICATIONS

ENVIROBANK RECYCLING BINS

240L

FEATURES

- Made from weather-resistant medium-density polyethylene, Envirobank Recycling Bins feature a patented dimpled surface to prevent fly-posting, and they have a slam-shut door with a locking mechanism to protect against tampering and unauthorised access.
- WRAP compliant colour-coded aperture included as standard, along with matching graphics.

SPECIFICATIONS

- Available in 18 colours.
- Automotive-grade tamper-proof lock.
- Slam-shut door.
- Dimpled surface to prevent fly-posting.
- Optional extras include a wheelie bin, ground fixing bolts, and gold banding.
