TECHNICAL SPECIFICATIONS

## EXEO EXTERNAL RECYCLING BIN 90L

### FEATURES

- Manufactured from UV stabilised medium-density polyethylene and designed to retain its smart appearance for years to come.
- Suitable for recycling general waste, glass, paper and card, mixed recycling, and plastics, the Exeo Outdoor Recycling Bin is finished in classic black and delivered with a colourful aperture and matching graphics to complement the waste stream you have chosen.
- Easy to clean and maintain, it features a removable inner liner, a lockable front access door, and a curved hood to keep rainwater, snow, and unpleasant odours at bay.

### SPECIFICATIONS

- UV stabilised medium density polyethylene construction.
- Weather resistant.
- Easy clean surface.
- Choice of 5 recyclable waste streams.
- Colour-coded apertures and graphics included.
