## MONARCH SMART-E LITTER BIN

# 85L

### FEATURES

- Manufactured in the UK, the Monarch Smart-E Litter Bin features a wide-open aperture to facilitate waste disposal, and it has a solid base that you can secure to the floor with the optional purchase of ground fixing bolts.
- It includes a plastic liner as standard, although galvanised steel options are available upon request. With a total capacity of 85-litres, this recycled rubbish bin is ideal for high-traffic areas and busy outdoor spaces.

### Specifications

- Manufactured in the UK.
- Made from 100% recycled plastic chippings from bins no longer in circulation.
- Easy to empty, clean, and maintain.
- Includes a plastic liner as standard, galvanised steel options available.
- Suitable for indoor and outdoor applications.
- Larger 'throw-in' aperture.
