

PERFORATED WASTE BIN

10L

10L
Capacity

Powder Coated Stainless Steel

Usable with/without liners

TECHNICAL SPECIFICATIONS

PERFORATED WASTE BIN

10L

FEATURES

- Lightweight and easy to clean, this 10 Litre Perforated Waste Paper Bin will not rust or corrode as some of the alternatives might, and so it is a great investment for hospital waiting rooms, public buildings such as banks, workshops, and commercial office spaces where substantial volumes of paper waste are collected.

SPECIFICATIONS

- Made from Powder Coated Stainless Steel.
- Can be Used with or without Bin Liners.
- Fire-resistant.
