360 Degree Ashtray

TECHNICAL SPECIFICATIONS

RUBBERMAID INFINITY WALL MOUNTED CIGARETTE BIN

5000

FEATURES

- Designed to hold up to 5000 cigarette butts, this large receptacle is manufactured from weather resistant powder coated steel, fitted with a domed roof to keep rainwater at bay, and it has a 360-degree disposal area with snuff plate to facilitate use.
- Simple to clean, the upper part of the Rubbermaid Genie Infinity Cigarette Bin can be removed to access the inner liner which is both fire resistant and easy to maintain. A great choice for shopping centres, theme parks, and larger business premises, it will encourage all smokers to dispose of their waste correctly.
