## SANITARY PUSH LID BIN

# 50L

### FEATURES

- Made from powder-coated stainless steel, it is both fire retardant and highly resilient against rust and corrosion.
- Designed for daily use in busy public facilities, this Sanitary Push Lid Bin features a lift-off lid with push aperture for quick and easy disposal, and it has a generous capacity of 50 litres.
- Lightweight and compact in design, this hygienic rubbish receptacle can be left as a free standing unit or wall mounted to create a semi-permanent structure.

### SPECIFICATIONS
