SLIM PROFILE STACKABLE RECYCLING CONTAINER

25L

FEATURES

- Innovative by design, it features a removable lid with front-flap aperture, an integrated carry handle, and it has a unique stacking design that makes it ideal for space-restricted areas.
- Available in five attractive colours to complement all kitchens, this Slim Profile Stackable Recycling Container is an investment for the workplace and home.
- Winner of the Red Dot Design Award 2019, this Slim Profile Stackable Recycling Caddy is both practical and aesthetically pleasing.
- Lightweight and portable in design, making it ideal for collecting compostable and recyclable waste in any environment.

Specifications

- Stackable recycling bin.
- Made from 100% recycled materials.
- Innovative lid with front-flap opening.
