TORPEDO TRIPLE WITH ORBITAL HOOD 270L

FEATURES

- Manufactured from weather-resistant steel, it features a unique hooded design, which not only keeps rainwater at bay but also allows 360° access for fast and efficient waste disposal.
- A large capacity outdoor recycling station with designer appeal, the Torpedo Triple Recycling Bin includes three galvanised inner liners, each with a capacity of 90 litres, dual hinged doors for quick and easy access, and it is supplied with WRAP compliant iconography to clearly identify your chosen recyclable waste streams.

SPECIFICATIONS

- Multi-compartment recycling bin.
- Total capacity 270ltrs (3 x 90ltrs).
- Large hood to keep rainwater at bay.
- 360° access.
- Perfect for high footfall areas.
