TECHNICAL SPECIFICATIONS

WALL MOUNTED BATTERY BIN

10L

FEATURES

- This wall mounted battery bin is an ideal solution for increasing recycling options in supermarkets, schools or workplaces that use disposable batteries.
- These bins are made from a hardwearing plastic that ensures longevity. 100% recyclable at the end of its life with clear signage to indicate the waste stream.
- The wall mounting bracket means it can be used in work areas for safe disposal of batteries without taking up floor space or workspace.

SPECIFICATIONS

- Battery recycling bin.
- 10 Litre capacity.
- Child-proof safety lid.
- Suitable for collecting all types of batteries.
- 100% recyclable after use.
