WIRE MESH OUTDOOR BINS

FEATURES

- Manufactured from tough galvanised wire mesh, these Outdoor Sack Holder Bins are equipped with an integrated bag tie to ensure the bag remains securely in place, even when full to capacity.
- Coloured rubber lids that close firmly after use to keep unpleasant odours at bay. Suitable for collecting general rubbish and recyclable waste, these wire mesh bins are perfect for theme parks, supermarkets, and business premises.

Specifications

- Galvanised wire mesh construction.
- Integrated bag tie feature.
- Rubber lid (available in 4 colours).
- Weather resistant.
